

Technology Park Office Investment Lister Pavilion, Kelvin Campus West of Scotland Science Park, Glasgow, G20 0SP

Purchased July 2015

Property Summary

Location West of Scotland Science Park is a joint initiative between Scottish Enterprise and Glasgow and Strathclyde Universities. The 60 acre park is situated approximately 3 miles to the north west of Glasgow city centre. It provides a location for the development of businesses focussing on emerging and future technologies. The facility is noted for the atmosphere of collaboration and interaction between tenants and the universities.
